

Compact4RGB

Compact4RGB Projectors

Color
Red
Green
Blue

Power
2W
1W V-fold cavity
1W

Wavelength
638nm
532nm
450nm

Beam Diameter
3,5x3,5mm

Beam Divergency
1,0mRad

Polarization
V&H

Beam Mode
multi

Modulation (analog)
20000Hz

Operating Temp
5-40 oC

Operrating Voltage
94-240VAC

Scanner
6210Apollo

Safety Standards

CE/CDRH

Input Standards
ILDA

Built in functions Individual laser color power adjustment, and full scanner control. Mirror, X/Y swap,

Adjustable Image size X and Y. Low noise Fan RPM control.

Protections features Full temperature controll with over temperature switch.
